Information

UCEDC, a non-profit economic development corporation, is dedicated to fostering economic growth and creating an environment for progress. Our organization has been serving the business community for over thirty years, providing an objective and authoritative voice on business and economic development issues.

Our mandate is to develop opportunities for businesses that lead to new jobs, a strong, stable business climate and an improved quality of life. We do this by providing financial, technical and community development assistance to businesses.

Financing

UCEDC offers a wide range of financing programs to address your business start-up and growth needs. We provide access to capital that may not be available elsewhere. As an experienced business lender, we also coordinate loan packages from federal, state and private lending sources to help all size businesses grow. As a US Small Business Administration's designated microlender, we provide financing from \$500 to \$50,000 to businesses across the state. Additionally, our Business Growth Fund lends up to \$150,000 statewide. Loan clients enjoy free business mentoring services for the life of the loan.

Training

UCEDC can help your business increase productivity, heighten global competitiveness and open new markets with training and technology. Learn new information and skills through our free training seminars and business-oriented workshops. The Entrepreneurial Training Initiative (ETI), an intensive seven-week training program, will give you the tools to assess your business readiness and create a comprehensive business plan. Graduates enjoy ongoing business mentoring services to help them stay on track.

Government Contracts

Government agencies annually spend billions of dollars purchasing goods and services from businesses like yours. We help Union County businesses get a share of that business through our free, computerized government contract bid matching service. As part of our service, our experienced staff provides technical assistance with bid preparation, bid submission and pre- and post-award contract administration. Smaller firms are assisted in finding opportunities as sub-contractors to major government contractors.

Business Information

UCEDC provides comprehensive and up-to-date economic market data, commercial real estate and general business information that can help businesses make informed decisions. A number of informative reports are produced regularly, reflecting general business activity. In addition, we provide information about tax rates, housing, zoning, and currently available properties.

Business Assistance

As a leading advocate for small businesses, UCEDC provides guidance and assistance when problems arise. Small businesses often do not have the resources or the time to find their way through the maze of government agencies. UCEDC can serve as the liaison and make the appropriate connections or help to cut through the red tape.

Introduction

The **Major Employers Listing** details *private businesses* and *public organizations* located in Union County that employ 100 or more. This information is gathered from a variety of sources, including Chambers of Commerce, NJ Department of Labor, NJ Commerce & Economic Growth Commission, the media and independent research.

For those businesses that may also have facilities outside of Union County, the number of employees noted represents only those employees for the Union County facility(s). The contact listed may not be located at the Union County address.

The company listing, in order by employee size, contains the following information, if available:

- *Company Name & Address*
- *Company Executive's Name & Title*
- *Phone & Fax Number*
- *Website*
- *NAICS**
- *Employee Size (EST)***

* The North American Industry Classification Systems (NAICS Codes) uses a six-digit hierarchical coding system to classify all economic activity into twenty industry sectors. Five sectors are mainly goods-producing sectors and fifteen are entirely services-producing sectors. For a complete listing of NAICS codes, go to <http://www.census.gov/eos/www/naics/>.

**Estimated employee size category is identified by a letter code according to the following:

A– 100 to 199 employees

B– 200 to 299

C–300 to 399

D– 400 to 499

E–500 to 999

F–1,000 or more

Note: *This report attempts to be as accurate and complete as possible, relying on a variety of sources for its information.*
