

Key Elected Officials For Union County, NJ

**Prepared by UCEDC
For
Union County Board of Chosen Freeholders,
Deborah P. Scanlon, Chairman**

February, 2011

Information

UCEDC, a non-profit economic development corporation, is dedicated to fostering economic growth and creating an environment for progress. Our organization has been serving the business community for over thirty years, providing an objective and authoritative voice on business and economic development issues.

Our mandate is to develop opportunities for businesses that lead to new jobs, a strong, stable business climate and an improved quality of life. We do this by providing financial, technical and community development assistance to businesses.

Financing

UCEDC offers a wide range of financing programs to address your business growth needs. We provide access to capital that may not be available elsewhere. As an experienced business lender, we also coordinate loan packages from federal, state and private lending sources to help all size businesses grow. As a US Small Business Administration's designated microlender, we provide financing from \$500 to \$50,000 to businesses across the state. Additionally, our Business Growth Fund lends up to \$150,000 statewide. All businesses which receives financing from UCEDC also benefit from the free services of our Business Mentor for the life of the loan.

Government Contracts

Government agencies annually spend billions of dollars purchasing goods and services from businesses like yours. We help Union county businesses get a share of that business through our free, computerized government contract bid matching service. As part of our service, our experienced staff provides technical assistance with bid preparation, bid submission and pre- and post-award contract administration. Smaller firms are assisted in finding opportunities as sub-contractors to major government contractors.

Business Information

UCEDC provides comprehensive and up-to-date economic market data, commercial real estate and general business information that can help businesses make informed decisions. A number of informative reports are produced regularly, reflecting general business activity. In addition, we provide information about tax rates, housing, zoning, and currently available properties.

Business Assistance

As a leading advocate for small businesses, UCEDC provides guidance and assistance when problems arise. Small businesses often do not have the resources or the time to find their way through the maze of government agencies. UCEDC can serve as the liaison and make the appropriate connections or help to cut through the red tape.

Training

UCEDC can help your business increase productivity, heighten global competitiveness and open new markets with training and technology. Learn new information and skills through our free training seminars and business-oriented workshops. The Entrepreneurial Training Initiative (ETI), an intensive seven-week training program, will give you the tools to assess your business readiness and create a comprehensive business plan. Graduates enjoy ongoing business mentoring services to help them stay on track.
